An Open Educational Resource Supported by the Academic Senate for California Community Colleges Open Educational Resources Initiative

The Academic Senate for California Community Colleges Open Educational Resources Initiative (OERI) was funded by the California legislature in trailer bill language during the summer of 2018. The OERI's mission is to reduce the cost of educational resources for students by expanding the availability and adoption of high quality Open Educational Resources (OER). The OERI facilitates and coordinates the curation and development of OER texts, ancillaries, and support systems. In addition, the OERI supports local OER implementation efforts through the provision of professional development, technical support, and technical resources.

The information in this resource is intended solely for use by the user who accepts full responsibility for its use. About the Team

Our team comprises of experienced Spanish instructors with extensive language teaching experience in language, linguistics, literature, and culture at public and private institutions. Our diverse learning and teaching styles and our different areas of expertise will all contribute to the success of this collaboration. All team members are united in our goal to create a comprehensive and accessible Spanish homework system that will showcase diverse linguistic and ethnic populations in ways that are equitable and accessible and provide a high-quality zero-cost homework platform for students. At the core of our collaboration is a commitment to learning from each other and integrating our diverse experiences and methodologies into the project.

Dr. Cristina Moon

Dr. Cristina Moon is Professor of Spanish at Chabot College. She joined the college in 2006. She earned a B. A. in Spanish from UC Berkeley, and a M. A. and Ph.D. in Hispanic Languages and Literatures from UCLA. She has developed online courses for first and second-year Spanish, all of which have undergone the CVC-OEI review process. Cristina is the Spanish Lead, H5P Lead, and the OER Liaison for the ASCCC OERI. She co-authored *Tarea Libre* (2023) and *Entrada Libre* (2020). She is the OER/ZTC Coordinator at Chabot College and World Languages Coordinator. Dr. Moon speaks several languages and is a heritage speaker of Korean. She straddles several worlds, having grown up in Guam, Buenos Aires, and California. As project lead Dr. Moon coordinated the overall grant and project development and schedule. As the technical lead she led the content creation in ADAPT.

Dr. Alejandro Lee

Alejandro Lee is Professor of Spanish at Santa Monica College, where he has been teaching second-year Spanish and Heritage Spanish course since 2016. Professor Lee holds B. A. degrees in French and Spanish from Pitzer College, a Ph.D. in Hispanic Languages and Literatures, and a Masters in Library and Information Science from UCLA. In addition, he has taken courses in Portuguese, Italian, and Latin. A heritage speaker of Chinese, Professor Lee studied Mandarin in Taiwan and the United States. From 2010 to 2021 he worked as summer faculty for the StarTalk Heritage Teacher Workshop at UCLA, and is a co-founder of *Heritage Language Exchange* with María Carreira and Sybil Alexandrov. He served as the chair of the College-Level Examination Program (CLEP) Spanish Developing Test Committee (College Board) and was the Community College representative of the American Association of Teachers of Spanish and Portuguese (AATSP) from 2020 to 2022. He is co-author of *Entrada Libre* (2020) with Cristina Moon, Nancy Meléndez-Ballesteros, and Nicolás Crisosto, as well as *Tarea Libre* (2023) with Cristina Moon, Nancy Meléndez-Ballesteros and Sarah Harmon.

Dr. Sarah Harmon

Dr. Sarah Harmon is an Adjunct Professor of Spanish and Linguistics and the OER/ZTC Coordinator at Cañada College, where she has taught most of her courses since 2006. She earned a B.A. in Spanish and a M.A. in Linguistics from the University of California at Davis, and a Ph.D. in Romance Linguistics from the University of Texas at Austin. She has developed online and in-person courses in Spanish and Linguistics at the collegiate level since 2006, all of which have undergone the CVC-OEI review process. She co-authored *Tarea Libre* (2023) for first-year collegiate Spanish courses with Cristina Moon, Alejandro Lee and Nancy Meléndez-Ballesteros; she has created a remix of *Entrada Libre plus Yepes* (2021) for second-year collegiate Spanish courses, and an adaptation of *Essentials of Linguistics* (2024) for introductory linguistics courses. She also sits as the Faculty Chair of the [SMCCCD District Academic Senate Standing Committee on Teaching and Learning](#), allowing her to lead discussions on pedagogy/andragogy, distance education, and other areas of classroom practices. Additionally, she is the current Academic Coordinator of Lake Tahoe Community College's [Intensive Spanish Summer Institute](#) (ISSI). Dr. Harmon also runs a YouTube channel, [Lengua Franca](#), which focuses on grammar explanations for Spanish and other linguistic phenomena. She is a heritage speaker of Italian and has studied Spanish and Portuguese.

Prof. Hugo Díaz-Rodil

Professor Hugo Díaz-Rodil is a part-time instructor at Sierra College and at American River College. He holds a M.A. in Teaching Spanish as a second language (University of Cantabria, Spain) as well as a Single Subject Teaching Credential in Spanish with a Bilingual Authorization. Hugo has an AAPPL rater certification, he is also a certified DELE examiner (by the Instituto Cervantes) and has completed the ACTFL OPI Familiarization Workshop. In the US, Hugo has taught Spanish at elementary level (dual-language program), high school level and at community colleges. He is currently serving as the OER / Zero Textbook Cost (ZTC) Department Liaison at Sierra College.

The LibreTexts mission is to bring together students, faculty, and scholars in a collaborative effort to provide an accessible, and comprehensive platform that empowers our community to develop, curate, adapt, and adopt openly licensed resources and technologies; through these efforts we can reduce the financial burden born from traditional educational resource costs, ensuring education is more accessible for students and communities worldwide.

Most, but not all, pages in the library have licenses that may allow individuals to make changes, save, and print this book. Carefully consult the applicable license(s) before pursuing such effects. Instructors can adopt existing LibreTexts texts or Remix them to quickly build course-specific resources to meet the needs of their students. Unlike traditional textbooks, LibreTexts' web based origins allow powerful integration of advanced features and new technologies to support learning.

LibreTexts is the adaptable, user-friendly non-profit open education resource platform that educators trust for creating, customizing, and sharing accessible, interactive textbooks, adaptive homework, and ancillary materials. We collaborate with individuals and organizations to champion open education initiatives, support institutional publishing programs, drive curriculum development projects, and more.

1: Introducing Tarea Libre 2

Introduction to *Tarea Libre 2*

This is an instructor guide to *Tarea Libre 2*. The *Tarea Libre 2* project is a comprehensive and accessible Open Educational Resources question bank of 800 interactive activities created in [ADAPT](#) for second-year Spanish courses for California Community Colleges (CCC) that can be used via ADAPT or linked to a campus Learning Management System via LTI (Learning Tools Interoperability). This LTI integration seamlessly connects the assigned activities to the grade book streamlining the assigning and grading of homework.

The project follows the success of *Tarea Libre* for first-year Spanish and aims to create the foundation for a cohesive OER Spanish language homework set equivalent to what is available through paid-subscriptions licenses provided by commercial publishers. This homework ancillary fills an existing gap in OER and increases the likelihood of OER adoption in the first two years of Spanish courses.

Tarea Libre 2 aligns with California's C-ID [SPAN 200](#) and [SPAN 210](#), the curriculum standard for higher education disciplines. Additionally, the project aligns with existing Spanish OER text materials already identified on the ASCCC OERI [Spanish Discipline page](#). It includes a variety of formative and summative assessments that cover a range of skills. Each module has multiple levels of engagement, allowing instructors to create homework assignments that address different skill levels. Additionally, it will enable students to practice speaking, listening, reading, and writing skills.

The Academic Senate for California Community Colleges (ASCCC) [IDEA](#) framework of inclusion, diversity, equity, and anti-racism is at the foundation of this project. All 8 modules have been designed to address them through various readings that underscore the cultural practices of minoritized groups in the Spanish-speaking world, including the United States.

About the Project

Tarea Libre covers 32 grammar topics typically taught in second-year Spanish courses. To increase adaptability and flexibility for instructors, the project has 4 modules for [SPAN 200](#) and 4 modules for [SPAN 210](#), based on California's C-ID curriculum model.

Each module is comprised of 4 to 5 grammar topics and listening, speaking, and reading comprehension activities. As found on most homework (workbook and lab activities), each grammar topic has a four levels of mastering steps:

- Paso 1 "Empecemos"
- Paso 2 "Continuemos"
- Paso 3 "Practiquemos"
- Paso 4 "Avancemos"
- De todo un poco

Each grammar module has an average of 20 auto-graded activities.

In addition to these auto-graded activities, *Tarea Libre 2* includes four sections of instructor-graded and auto-graded activities that target oral, speaking, and reading skills:

- Hablemos: Using the ADAPT recorder, students answer the prompt questions.
- Escuchemos: These short thematic videos were created in Powtoon. Using the ADAPT recorder, students provide their answers after watching these videos.
- Leamos: These cultural readings with narration and auto-graded comprehension questions were created on various topics.
- Conversemos: Through these interactive discussion assessments, students are able to post audio, video, or text submissions. Topics are directly connected to topics in [Acceso](#).

About the Integration of IDEA Principles and Culturally Responsive Pedagogy

IDEA principles and culturally responsive pedagogy (CRP) are integral to our project. The project's eight modules contain a variety of cultural themes across the Spanish-speaking world. We, as authors, have curated modules that celebrate the rich cultural tapestry

of the Spanish-speaking world. Through the inclusion of voices, stories, and traditions that are often overlooked in standard textbooks, we aim to provide a more inclusive and engaging learning experience.

From personal narratives like those of Chef José Andrés and Albert Espinosa, to exploring the multicultural influences shaping Latin American societies, such as the Levantine roots of tacos al pastor and Korean immigration in Mexico, our content highlights the complexity of these communities. Moreover, our focus on Indigenous groups—through articles on the Garifuna, Ngäbe-Buglé, Mapuche, Rapa Nui, and sustainable initiatives in the Moskitia—underscores the importance of preserving cultural diversity and ancestral knowledge.

By embracing these diverse perspectives, we hope to inspire a deeper appreciation for the varied and dynamic cultures that make up the Spanish-speaking world.

2: Overview of the Grammar and Thematic Modules

Grammar and Thematic Modules

Tarea Libre 2 covers more than 32 grammar topics typically taught in second-year Spanish courses in the California Community Colleges. The thematic modules follow closely the [Acceso](#) project from the University of Kansas.

Tarea Libre 2 aims to increase adaptability and flexibility for Spanish instructors. Based on California's [C-ID](#) curriculum model, the project has 4 modules for [SPAN 200](#) and 4 modules for [SPAN 210](#).

Each of the modules is composed of the following:

- Four to five grammar topics. As found on most homework (workbook and lab activities), each grammar topic includes activities that connect to the *Acceso* the thematic modules and is follows the 4 levels of mastering steps:
 - **Paso 1 Empecemos:** Focus on recognizing grammatical concepts, mostly multiple choice and select choice questions.
 - **Paso 2 Continuemos:** Focus on the initial application of grammatical topics, mostly fill-in-the-blank in shorter contexts.
 - **Paso 3 Practiquemos:** Focus on the expanded application of grammatical topics, mostly fill-in-the-blank and select choices in longer paragraphs.
 - **Paso 4 Avancemos:** Focus on the expanded application of grammatical topics in dialogues, mostly fill-in-the-blanks.
 - **De todo un poco:** Focus on a variety of concepts that confuses students such as punctuation, false cognates, spelling, cultural and linguistic differences.
- Listening, speaking, and reading comprehension activities.

CHAPTER OVERVIEW

3: Overview of Comprehensive Assessments

Comprehensive Assessments in ADAPT

The comprehensive assessments for *Tarea Libre 2* build on the success of similar assignments in *Tarea Libre*. With the addition of incorporated media and a new question type, the *Tarea Libre 2* team members were able to expand the assessment types to include interactive questions that allow for more opportunities for learners to showcase their comprehension and production skills, doing so with greater depth. Just as in *Tarea Libre*, all media used in the assignments is either openly licensed or was created by the team.

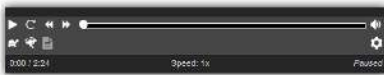

Types of Comprehensive Assessments

Leamos

Building on the success of this assessment type in *Tarea Libre*, the team wrote original pieces and adapted from known open-access news sites for Leamos. These readings were chosen to mirror the topics of *Acceso*, particularly the readings showcased in the "Almanaque" and "Un paso más" sections. Of note is that the topics represent a wide array of peoples and cultures from the Spanish-speaking world, in compliance with the [IDEA Framework](#) of the Academic Senate of California Community College Open Educational Resource Initiative (ASCCC OERI), thereby incorporating culturally responsive educational best practices. The readings are accompanied by audio narrations by members of our team, and they are followed by comprehension questions. There is more information on these readings in the next chapter, [Overview of Reading Content](#). Examples of the readings types can be seen in the images below.

Instrucciones

Lee la siguiente lectura titulada "Tacos al pastor y la influencia levantina en México". Si deseas escuchar la grabación de 2 minutos y 24 segundos de esta lectura, oprime el botón abajo.

Tacos al pastor y la influencia levantina en México

Para muchas personas, cuando piensan en la comida mexicana, el primer plato en que piensan es el taco. Es reconocido como una de las comidas callejeras favoritas de todo el mundo. Se dice que los mejores tacos son los tacos al pastor. Aunque se pueden encontrar con varias especias y adobado en el tiempo moderno, se considera el taco al pastor como uno de los platos que más representa lo mejor de la gastronomía mexicana.

Para los que conocen la comida del Levante—donde están Siria, Líbano y Jordania, entre otros países de habla árabe—hay mucho en común entre los tacos al pastor y el shawarma. Los semejanzas existen gracias a la inmigración de miles de sirios y libaneses al centro de México hacia fines del siglo XIX (19) y principios del siglo XX (20), especialmente al estado de Puebla. Los levantinos usaban el cordón, como lo hicieron por siglos en sus países de origen, y los tacos árabes, como se llamaban, eran muy populares.

Escuchemos

Building on the success of this assessment type in *Tarea Libre*, the team created original videos using Powtoon that focused on topics related to various *Acceso* topics, particularly those showcased in the "Almanaque" and "Un paso más" sections. These original videos include either monologues on the topics or dialogues between people discussing the topics. The videos have then been incorporated into ADAPT and are captioned and transcribed into Spanish. An example of the Escuchemos content can be seen below.

Instrucciones

Mire este video y conteste las siguientes preguntas en una grabación. La aplicación para grabar está debajo del video.

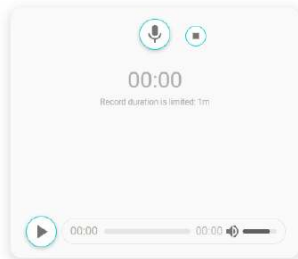

- ¿Qué le gusta hacer Roberto?
- ¿Quiénes van a ir a Surf City?

After watching the video, students are then asked to record answers to comprehension questions using the recording widget embedded within ADAPT. Alternatively, students can submit an audio file with that information. Regardless of the submission, ADAPT will automatically caption and transcribe the submission for instructors. An example of the recording widget can be seen below.

Instructions

Use the built-in "ADAPT recorder" below to record and upload your audio submission directly to ADAPT. After you hit record, click on the recording (for example, Record 1), and then click the disk icon to save it and submit it. Otherwise, you may record your audio submission as an .mp3 file with another program (outside of ADAPT), save the .mp3 file to your computer, then [upload the .mp3 file](#) from your computer into ADAPT.

Hablemos

Building on the success of this assessment type in Tarea Libre, the team created new comprehension assessments that tie directly to various readings in *Acceso*, particularly to "Almanaque" and "Un paso más" sections. Students will submit audio recordings that answer the questions in the prompt using the same audio recording widget that is used with *Escuchemos* assessments. An example of the *Hablemos* content is shown below.

Instrucciones

Lee con cuidado el artículo "Medellín, una ciudad sostenible" de la unidad sobre el Caribe Continental en *Acceso* antes de contestar las siguientes preguntas con una grabación. La aplicación para grabar está debajo de las preguntas.

- Según el artículo, ¿qué ha hecho Medellín para abordar la sostenibilidad urbana?
- ¿Cuáles son algunos de los ejemplos que menciona el artículo?

Conversemos

New for this project, *Tarea Libre 2* incorporates the question type Discuss-It to create interactive discussion assessments. These discussions are directly connected to various topics in *Acceso*, particularly readings in "Almanaque" and "Un paso más" sections. Students will be required to post an initial audio, video, or text recording, followed by posting reactions to the recordings of their classmates. This assessment type can be used in online courses to satisfy regular and substantive interaction (RSI), and can be used in all courses to encourage oral production. An example of the Conversemos content is shown below.

Instrucciones

En esta actividad de conversemos, vamos a discutir la vida y el legado de Jorge Luis Borges. Lea las instrucciones y complete tres grabaciones de 30 segundos a 1 minuto como máximo para cada una.

1	
Primera grabación: Después de leer sobre la vida y el legado de Jorge Luis Borges en <i>Acceso</i>, conteste brevemente las siguientes preguntas en su primera grabación: • ¿Qué le llamó la atención de la lectura y del video de Jorge Luis Borges? • ¿Qué le recomendaría a alguien que quiera leer más cuentos y poesía de Borges? Responda usando el subjuntivo. • Si tuviera la oportunidad de hacerle una pregunta a Jorge Luis Borges, ¿qué le preguntaría? Para su segunda grabación: Escuche las grabaciones de tres compañeros. Seleccione una y exprese si está de acuerdo o no; haga un comentario o una pregunta a una persona. Para su tercera grabación: Escuche los comentarios de sus compañeros y conteste las siguientes preguntas: • ¿Qué contribuciones de sus compañeros le llamaron más la atención? ¿Por qué? • En su opinión, ¿piensa que las obras de Jorge Luis Borges han tenido un impacto en la literatura, el cine o los programas de televisión?	Submission Information • Participate in at least 1 discussion thread. • Submit at least 2 comments. Date Completed: N/A Date Graded: N/A Score: N/A New Thread

4: Overview of Reading Content

More on Leamos

To accompany the content in *Acceso*, 16 cultural readings with recorded narration and auto-graded comprehension questions have been created. In ADAPT, we have titled these readings "Leamos". There are at least 2 readings per module on various topics. We have included people, traditions, history, geography, music, and other elements from the Spanish-speaking world that are not traditionally found on commercial textbooks for second-year Spanish courses. Our project aims to highlight the cultural diversity of the Spanish-speaking world and its people by applying the Academic Senate of California Community College Open Educational Initiative's [IDEA Framework](#) on all the readings.

5: Suggestions for using Tarea Libre 2

How to Use *Tarea Libre 2*

This guide provides instructors with suggestions on how to integrate *Tarea Libre 2* into their intermediate and advanced Spanish courses. Designed as an accessible OER, this question bank includes 800 interactive activities that align with the standards established for intermediate and advanced Spanish courses in California higher education, [SPAN 200](#) and [SPAN 210](#) California's C-ID curriculum model. *Tarea Libre 2* can be used directly in ADAPT or seamlessly integrated with your Learning Management System (LMS) via LTI. This integration ensures automatic gradebook synchronization with most LMSs.

Getting Started

1. For Instructors Already Using *Entrada Libre* and *Acceso*:

The modules and topics in *Tarea Libre 2* mirror the structure and progression of these popular OERs. This continuity makes it easy to adapt your course materials and align homework assignments with these OERs.

2. Replacing Commercial Platforms:

Tarea Libre 2 serves as an OER alternative to publisher-based homework platforms. With its extensive question bank, you can select activities that best address your students' specific learning needs.

Activity Structure

Each grammar module includes four levels of progressively challenging activities:

- **Paso 1: Empecemos** – Introduction to foundational grammar concepts.
- **Paso 2: Continuemos** – Intermediate practice with guided activities.
- **Paso 3: Practiquemos** – Advanced practice focusing on mastery.
- **Paso 4: Avancemos** – Synthesis of learned material in a more advanced format.

Each module also features a **De todo un poco** section, offering a variety of auto-graded activities to reinforce learning.

Skills-Based Assessments

Beyond grammar, *Tarea Libre 2* provides skill-building activities in:

- **Speaking** (Hablemos) – Prompts using the ADAPT recorder widget.
- **Listening** (Escuchemos) – Short, thematic videos paired with comprehension exercises using the ADAPT recorder widget.
- **Reading** (Leamos) – Culturally enriched readings with comprehension checks.
- **Interactive Discussions** (Conversemos) – Open-ended prompts linked to *Acceso* topics, supporting threaded audio, video, or text submissions. This activity uses the ADAPT Discuss-It question type.

Cultural Themes and IDEA Integration

All eight modules in *Tarea Libre 2* embody the principles of inclusion, diversity, equity, and anti-racism (IDEA), alongside culturally responsive pedagogy (CRP). Through these features, students engage with:

- **Underrepresented voices and narratives**, such as Indigenous groups and diverse cultural traditions.
- **Explorations of multicultural influences**, like the Levantine roots of tacos al pastor or Korean-Mexican connections.
- **Inspirational stories** from figures like Chef José Andrés and Albert Espinosa.

By emphasizing these diverse perspectives, *Tarea Libre 2* enriches the language-learning experience and fosters deeper cultural appreciation.

OER Textbook Remixes for Second-year Spanish

To help with the adoption of *Tarea Libre 2*, we have created two possible remixes of Spanish OERs for second-year Spanish courses. You can take any of the already created remixes and use them as-is or re-remix them by adding, deleting, or moving content as needed. Remember, this is your opportunity to create your free customized Spanish OER.

We will be working on a second edition of *Entrada Libre* with updated modules and to address the additional content added on *Tarea Libre 2*. We expect to release it by the end of summer 2025.

Below we show examples of third-semester and fourth-semester textbook remixes with the sources and a list of content and activities by chapter.

Example of Third-Semester Textbook Remix

Spanish 2A: Intermediate Spanish (Chabot College). Below you can find the breakdown of grammar topics covered on this remix:
