COURSE SYLLABUS

MUS 290 – Coordinated Internship

Summer Semester 2018

Meeting times: By appointment

Instructor: Dr. T. Michael Gilley

Phone:

Office Hours: M-F, By appointment

Email:

COURSE DESCRIPTION:

[MUS 290 – Coordinated Internship](#)

Supervised on-the-job training in selected business, industrial or service firms coordinated by the college.

Credit/practice ratio not to exceed 1:5 hours. May be repeated for credit. Variable hours. 1-5 credits.

STATEMENT OF BROAD GOALS:

Provide supervised on-the-job internship (paid or non-paid) experience in heritage music venues including regional tourist and performance venues such as The Crooked Road venues, museums featuring heritage music exhibits, recording studios, music instruction in summer and JAM camps. This internship will provide the student with supervised work experience focused on a heritage music track focused on the student's career pathway such as instruction; performance; managing events or venues; audiovisual and light systems; recording; or videotaping.

STATEMENT OF SPECIFIC OBJECTIVES:

During the orientation between the employer and the student, there must be agreement on Measurable Learning Objectives (MLOs) for the work period. The MLOs must be directly related to the student's classroom studies and enhance the student's creative, problem-solving, and technical skills, as well as personal improvement. The MLOs must be developed by the first two (2) weeks of employment. Instructions for developing MLOs can be found in Attachment 1. MLO worksheets found in attachment 2 must be signed by the student, the employer, and the faculty member.

TEXTBOOK:

None required

STATEMENTS AND INSTRUCTIONAL METHODS:

Instructional methods include supervised hands-on training.

SAFETY:

Student safety is a primary concern in any and all labs associated with this course including work experience. It is imperative, for both the students' safety and the safety of others, that each student utilize safe work practices and follow all safety rules and the employers' directions explicitly.

ATTENDANCE POLICY:

Mountain Empire Community College is committed to academic quality and student success. Elements that support both of these values are regular attendance and participation in class. The college policy states that regular class attendance is required. The attendance policy in this class is:

Regular attendance is mandatory. The student is required to work a minimum of hours to achieve the registered credit hour(s) at a ratio of credit/practice not to exceed 1:5 hours during the internship. The student intern must work the minimum hours required by the curriculum but also understand that the employer may require additional hours as a condition of employment. These conditions are detailed in the Co-operative Education Agreement (attachment 3) and consistent within the requirements of the curriculum.

The student must complete the Time/Wage Report (see Attachment 4) and secure a supervisor's signature. Colleges should be flexible in Time/Wage Report policies so that individual extenuating circumstances can be handled. Situations might occur where the student can only acquire the supervisor's signature once or twice during the co-op work assignment. Colleges should be considerate of employers that establish methods for recording employee time and wages. These records may be used to document student hours as long as the appropriate information is included and verified. The Time/Wage Report (completed to date with signatures) should be reviewed by the faculty/co-op coordinator when the Mid-Term Evaluation Worksheet is completed.

STUDENT COMPENSATION:

Optimally, students are paid for the internship experience. Earning a wage enhances the work experience in that the internship position is valued as part of an organization. All employers must adhere to the Fair Labor Standards Act and Wage/Hour Laws. However, there is no requirement that a student intern is paid. Often, non-paid opportunities provide more variety in internship positions while assisting employers, particularly in the non-profit sectors.

INSTRUCTIONS FOR INDIVIDUALS WITH DISABILITIES:

Students may request academic accommodation for disabilities through the Office of Student Services. That office will evaluate the request and make recommendations for appropriate and reasonable accommodations, which the student will provide to the instructor. Individuals requiring temporary handicapped parking accommodations due to short-term illness should contact Student Services. All correspondence will be kept confidential.

EMERGENCY STATEMENT:

In the event of a College-wide emergency, course requirements, classes, deadlines, and grading schemes are subject to changes that may include alternative delivery methods; alternative methods of interaction with the instructor, class materials, and/or classmates; a revised attendance policy; and a revised semester calendar and/or grading scheme.

For more general information about a College-wide emergency situation, please refer to:

- College website
- Emergency Text Messaging or Phone System (276-523-2400)

In the event of a college-declared emergency, the instructor of this class will abide by MECC emergency guidelines. Emergency information can be obtained at 276-523-2400.

2.2: Measurable Learning Objectives

[Download a Word Document file of this worksheet here.](#)

MEASURABLE LEARNING OBJECTIVES (MLO)

What are Measurable Learning Objectives (MLO)?

Measurable Learning Objectives refers to a set of statements which clearly and precisely describe what a student intends to accomplish during the work experience.

Why have Measurable Learning Objectives?

The Coordinated Internship is an academic program. Credit is granted not for working but for the learning that occurs as a result of working. Measurable Learning Objectives are the most effective method to assess the extent and value of this type of learning.

How to develop and write Measurable Learning Objectives?

Begin by reviewing the job duties and responsibilities with the supervisor at the work site. Note areas where you can gain or develop new skills, increase your knowledge, or improve your work ethic. It is important that you avoid broad general statements and confine your objectives to those that can be accomplished during a single semester/term. Typically, an MLO combines four major variables in a single sentence. The variables or components are ACTIVITY, FORECAST, TIME FRAME, and EVALUATION. The activity is the desired outcome or expected achievement, the forecast is the proposed level of accomplishment, the time frame is the expected completion date, and the evaluation is the stated method of measurement.

EXAMPLE:

By the end of the term (TIME FRAME)

I will design and build a new chair (ACTIVITY)

that meets company construction specifications (FORECAST)

as evaluated by my job supervisor (EVALUATION)

An important element in the development of an MLO is the ACTION WORD. There are two such action words used in the examples above. The words are “design” and “build”.

Other action words are demonstrate, describe, develop, draw, discuss, operate, perform, summarize, recognize, etc.

Some important things to remember when preparing MLOs:

1. Avoid broad, general objectives; make them specific, measurable and attainable by the end of the semester/term.
2. Be sure you have the knowledge, skill, time and freedom to accomplish your objectives.
3. Indicate the level of achievement which you expect to obtain, expressed whenever possible in numerical terms (e.g. increase speed by 15%).

Examples with Poor Objectives

1. I will become a better salesperson.
2. I will learn how to use computers in a work environment.
3. I will help wire a structure for light fixtures.

Examples with Acceptable Objectives

1. By (date), I will increase my sales by 5 percent while keeping complaints at or below their present level as judged by the sales manager.
2. By (date), I will correctly produce 5 letters using Microsoft Word as evaluated by (supervisor’s name).
3. By the end of the term, I will correctly wire and install a minimum of 10 fluorescent light fixtures as evaluated by my supervisor

The Measurable Learning Objectives (MLOs) should clearly describe what a student plans to accomplish during the coordinated internship work experience. The following examples should help co-op students prepare solid MLOs.

“By the end of the semester, I will perform the duties of a party chief to the satisfaction of my employer.”

“By the end of the semester, I will draw maps in accordance with NCGS 47-30 as evaluated by my supervisor.”

“By the end of the semester I will perform computations and calculations to reduce field data for surveying jobs as judged by my employer.”

“By the end of my co-op term, I will be able to demonstrate proper body mechanics and be able to set up customers on the strength training system in a manner that meets the standards of my supervisor.”

“By the end of the semester, I will be able to read, evaluate, and grade student’s legal research papers under the supervision of and to the satisfaction of my supervisor.”

“By the end of the semester, I will prepare and fill all sections of a divorce pleading that meets office specifications, as evaluated by my supervisor.”

“By the end of the semester, I will master the art of speaking with clients on the phone and taking appropriate and complete messages that meet office specifications, as evaluated by my supervisor.”

“By the end of the semester, I will be able to perform preventive maintenance on equipment and return equipment back to service as evaluated by my supervisor.”

“By the end of the semester, I will be able to work safely and follow safety guidelines set forth by my company as evaluated by my supervisor.”

COOPERATIVE EDUCATION

MEASURABLE LEARNING OBJECTIVES WORKSHEET

The Measurable Learning Objectives (MLOs) must clearly describe what you intend to accomplish during your work term. The MLOs must be reviewed by your supervisor (who can suggest modifications) during the first two weeks of the term and approved by your faculty coordinator. At the end of the work term, your supervisor will evaluate how well you accomplished each of the objectives. The suggested number of MLOs to complete is three (3).
