

INTRO TO NUTRITION TEXT

Cheryl Davis
Diablo Valley College

CHAPTER OVERVIEW

Front Matter

Nutrition Text

This text is disseminated via the Open Education Resource (OER) LibreTexts Project (<https://LibreTexts.org>) and like the thousands of other texts available within this powerful platform, it is freely available for reading, printing, and "consuming."

The LibreTexts mission is to bring together students, faculty, and scholars in a collaborative effort to provide an accessible, and comprehensive platform that empowers our community to develop, curate, adapt, and adopt openly licensed resources and technologies; through these efforts we can reduce the financial burden born from traditional educational resource costs, ensuring education is more accessible for students and communities worldwide.

Most, but not all, pages in the library have licenses that may allow individuals to make changes, save, and print this book. Carefully consult the applicable license(s) before pursuing such effects. Instructors can adopt existing LibreTexts texts or Remix them to quickly build course-specific resources to meet the needs of their students. Unlike traditional textbooks, LibreTexts' web based origins allow powerful integration of advanced features and new technologies to support learning.

LibreTexts is the adaptable, user-friendly non-profit open education resource platform that educators trust for creating, customizing, and sharing accessible, interactive textbooks, adaptive homework, and ancillary materials. We collaborate with individuals and organizations to champion open education initiatives, support institutional publishing programs, drive curriculum development projects, and more.

The LibreTexts libraries are Powered by [NICE CXone Expert](#) and was supported by the Department of Education Open Textbook Pilot Project, the California Education Learning Lab, the UC Davis Office of the Provost, the UC Davis Library, the California State University Affordable Learning Solutions Program, and Merlot. This material is based upon work supported by the National Science Foundation under Grant No. 1246120, 1525057, and 1413739.

Any opinions, findings, and conclusions or recommendations expressed in this material are those of the author(s) and do not necessarily reflect the views of the National Science Foundation nor the US Department of Education.

Have questions or comments? For information about adoptions or adaptations contact info@LibreTexts.org or visit our main website at <https://LibreTexts.org>.

The LibreTexts name, logo, and book covers are trademarked by LibreTexts, Inc. (a 501(c)(3) not-for-profit organization) and protected against unauthorized use.

TABLE OF CONTENTS

Front Matter

Licensing

1: Intro to Nutrition

- 1.1: Chapter Introduction
- 1.2: Defining Nutrition, Health, and Disease
- 1.3: What Are Nutrients?
- 1.4: Energy and Calories
- 1.5: The Broad Role of Nutritional Science
- 1.6: Health Factors and Their Impact
- 1.7: The Importance of Good Nutrition
- 1.8: Assessing Personal Health
- 1.9: Research and the Scientific Method
- 1.10: Types of Scientific Studies
- 1.11: Understanding Dietary Reference Intakes (DRI)
- 1.12: Nutrition and the Media
- 1.E: Nutrition and You (Exercises)

2: Achieving a Healthy Diet

- 2.1: Chapter Introduction
- 2.2: What Is Nutritional Balance and Moderation?
- 2.3: Understanding the Bigger Picture of Dietary Guidelines
- 2.4: National Goals for Nutrition and Health- Healthy People 2020
- 2.5: Recommendations for Optimal Health
- 2.6: Understanding Food Labels
- 2.7: Nutrition Facts and Daily Values
- 2.8: Building Healthy Eating Patterns
- 2.9: MyPlate Planner
- 2.10: When Enough is Enough
- 2.E: Exercises

3: Nutrition and the Human Body

- 3.1: Chapter Introduction
- 3.2: The Basic Structural and Functional Unit of Life- The Cell
- 3.3: Digestion and Absorption
- 3.4: Nutrients Are Essential for Organ Function
- 3.5: Disorders That Can Compromise Health
- 3.E: Exercises

4: Carbohydrates

- 4.1: Introduction to Carbohydrates
- 4.2: A Closer Look at Carbohydrates
- 4.3: Digestion and Absorption of Carbohydrates
- 4.4: The Functions of Carbohydrates in the Body
- 4.5: Looking Closely at Diabetes

- 4.6: Health Consequences and Benefits of High-Carbohydrate Diets
- 4.7: Carbohydrates and Personal Diet Choices
- 4.8: The Food Industry- Functional Attributes of Carbohydrates and the Use of Sugar Substitutes
- 4.E: Carbohydrates (Exercises)

5: Lipids

- 5.1: Prelude to Lipids
- 5.2: What Are Lipids?
- 5.3: How Lipids Work
- 5.4: The Functions of Lipids in the Body
- 5.5: The Role of Lipids in Food
- 5.6: Nonessential and Essential Fatty Acids
- 5.7: Digestion and Absorption of Lipids
- 5.8: Understanding Blood Cholesterol and Heart Attack Risk
- 5.9: Balancing Your Diet with Lipids
- 5.10: Tools for Change
- 5.11: Lipids and the Food Industry
- 5.12: Lipids and Disease
- 5.13: A Personal Choice about Lipids
- 5.E: Lipids (Exercises)

6: Proteins

- 6.1: Prelude to Proteins
- 6.2: Defining Protein
- 6.3: The Role of Proteins in Foods - Cooking and Denaturation
- 6.4: Protein Digestion and Absorption
- 6.5: Protein's Functions in the Body
- 6.6: Diseases Involving Proteins
- 6.7: Proteins in a Nutshell
- 6.8: Proteins, Diet, and Personal Choices
- 6.E: Proteins (Exercises)

7: Energy Balance and Healthy Body Weight

- 7.1: Photosynthesis and Cellular Respiration
- 7.2: Introduction to Energy Balance
- 7.3: Energy Balance- Energy In, Energy Out—Yet Not As Simple As It Seems
- 7.4: Indicators of Health- BMI, Body Composition, and Metabolic Health
- 7.5: Overweight and Underweight—What are the Risks?
- 7.6: Obesity Epidemic - Causes and Solutions
- 7.7: Best Practices For Weight Management

8: Alcohol

- 8.1: Introduction to Alcohol
- 8.2: Alcohol Metabolism
- 8.3: Health Consequences of Alcohol Abuse
- 8.4: Health Benefits of Moderate Alcohol Intake

9: Vitamins

- 9.1: Introduction to Vitamins
- 9.2: Water-Soluble Vitamins
- 9.3: Fat-Soluble Vitamins
- 9.4: Antioxidants
- 9.5: The Body's Offense
- 9.6: Phytochemicals

10: Water and Electrolytes

- 10.1: Introduction to Water and Electrolytes
- 10.2: Overview of Fluid and Electrolyte Balance
- 10.3: Water's Importance to Vitality
- 10.4: Regulation of Water Balance
- 10.5: Electrolytes Important for Fluid Balance
- 10.6: Sodium
- 10.7: Chloride
- 10.8: Potassium
- 10.9: Consequences of Deficiency or Excess
- 10.10: Water Concerns
- 10.11: Popular Beverage Choices

11: Major Minerals

- 11.1: Introduction to Major Minerals
- 11.2: Calcium
- 11.3: Phosphorus
- 11.4: Sulfur
- 11.5: Magnesium
- 11.6: Summary of Major Minerals

12: Nutrition and Bone Health

- 12.1: Chapter Introduction
- 12.2: Bone Structure and Function
- 12.3: Bone Mineral Density is an Indicator of Bone Health
- 12.4: Micronutrients Essential for Bone Health- Calcium and Vitamin D
- 12.5: Other Essential Micronutrients for Bone Health
- 12.6: Osteoporosis
- 12.7: Risk Factors for Osteoporosis
- 12.8: Osteoporosis Prevention and Treatment
- 12.9: Deficiency, Supplementation, and Choices
- 12.E: Nutrients Important for Bone Health (Exercises)

13: Trace Minerals

- 13.1: Introduction to Trace Minerals
- 13.2: Iron
 - 13.2.1: Iron-Deficiency Anemia
- 13.3: Copper
- 13.4: Zinc
- 13.5: Selenium
- 13.6: Iodine

- 13.7: Chromium
- 13.8: Manganese
- 13.9: Molybdenum
- 13.10: Fluoride
- 13.11: Summary of Trace Minerals

14: Performance Nutrition

- 14.1: Introduction to Performance Nutrition
- 14.2: The Essential Elements of Physical Fitness
- 14.3: The Benefits of Physical Activity
- 14.4: Fuel Sources
- 14.5: Sports Nutrition
- 14.6: Water and Electrolyte Needs
- 14.7: Food Supplements and Food Replacements

15: Lifespan Nutrition From Pregnancy to the Toddler Years

- 15.1: Introduction to Lifespan Nutrition From Pregnancy to the Toddler Years
- 15.2: Pregnancy
- 15.3: Infancy
- 15.4: Toddler Years

16: Lifespan Nutrition During Childhood and Adolescence

- 16.1: Introduction
- 16.2: Childhood
- 16.3: Adolescence
- 16.4: Late Adolescence

17: Lifespan Nutrition in Adulthood

- 17.1: Introduction to Lifespan Nutrition in Adulthood
- 17.2: Young Adulthood
- 17.3: Middle Age
- 17.4: Older Adulthood- The Golden Years

18: Food Safety

- 18.1: Introduction to Food Safety
- 18.2: The Major Types of Foodborne Illness
- 18.3: The Causes of Food Contamination
- 18.4: Protecting the Public Health
- 18.5: The Food System
- 18.6: Food Preservation
- 18.7: Food Processing
- 18.8: The Effect of New Technologies
- 18.9: Efforts on the Consumer Level- What You Can Do

19: Food Politics and Perspectives

- 19.1: Prelude to Food Politics and Perspectives
- 19.2: Historical Perspectives on Food
- 19.3: The Food Industry
- 19.4: The Politics of Food

- [19.5: Food Cost and Inflation](#)
- [19.6: The Issue of Food Security](#)
- [19.7: A Fresh Perspective- Sustainable Food Systems](#)
- [19.E: Food Politics and Perspectives \(Exercise\)](#)
